Post Type Performance

Carousels drive the highest engagement rate, while Videos generate the highest average likes (6,400+ per post).

Best Days to Post

Sunday delivers the highest average engagement (12.18%), followed closely by Friday. High-effort posts should be scheduled on these days.

Top Posts by Engagement

RANK	CAPTION	TYPE	ENG. RATE	LIKES

Content Themes & Growth Drivers

Festive & Lip Content

Hashtag clusters for Festive Looks and Lip Shades show the highest average engagement rates (up to 14.62%).

Boost Saves

Carousels have 2.6x more saves than images. Step-by-step tutorials and GRWM posts drive algorithm-boosting saves.

Optimize for Shares

Shares (111K total) drive virality. Posts announcing new collections get 2-3x average shares.

Strategic Recommendations

- ◆ **Format Shift:** Shift content mix to 40% Carousel, 35% Video, and 25% Image to maximize engagement.
- ◆ **Timing:** Schedule key product launches and tutorials on Sundays and Fridays.
- ◆ **Consistency:** Maintain a steady cadence of 12-18 posts per month to prevent growth stagnation.
- ◆ **Campaigns:** Plan dedicated bursts around major festivals (Diwali) and Valentine's Day.
